

PERFORMANCE DATA SHEET

67109 Frontier™ Straw Filter (Tactical)

General Use Information

The BLU Line Frontier Straw Filter provides cyst protection and allows you to drink from a cup, bottle, or directly from a water source. It features a reusable pouch that can be filled when needed or used for storage when the filter is not in use. Activated coconut shell carbon reduces waterborne chemicals while improving the taste, odor, and clarity of emergency drinking water.

Important Safety Information

CAUTION - To avoid cross contamination: Do not handle filter or straw with wet hands that have been exposed to contaminated water. Do not submerge filter or straw in contaminated water.

CAUTION - Do not freeze filter or expose filter to extreme temperatures

WARNING - Do not use with water that is microbiologically unsafe or of unknown quality without adequate disinfection before or after the system.

General Maintenance

FILTER STORAGE - Allow filter to air dry at room temperature for at least 48 hours prior to storing. Once dry, store in a cool dry location. Do not store used filter in a sealed container. Do not freeze filter or expose filter to extreme temperatures.

Replacement Parts

Warranty and Disclaimer

Aquamira Technologies, Inc. (Aquamira) warrants all products to be free from defects in workmanship and materials for one year from the date of purchase by the consumer, or for the duration of the imprinted self life. Filter clogging or normal wear is not a defect. If you are not satisfied with the performance of an Aquamira product, Aquamira will repair or replace the product.

Aquamira hereby excludes any expressed or implied warranties of fitness for a particular purpose. The following is made in lieu of any such warranties: This information and specifications supplied by Aquamira are based on industry standards and are tested using standard laboratory test conditions which are accepted in the industry to be reliable, but Aquamira does not guarantee that any result shown or claimed will be obtained. Before using any Aquamira product, the user shall determine the suitability and the fitness of the products for their intended use. The effectiveness of Aquamira products may be limited by environmental or hygienic conditions, such as use with contaminated hands, recontamination after filtration or treatment, failure to maintain a sterile mouthpiece or downstream equipment, sharing with multiple users, exposure to extreme environmental conditions such as heat, freezing, severe shock such as drops or other impact that may damage the integrity of filters, seals or connections. The user assumes all risk and liability in connection with its own tests and use. Aquamira shall not be liable for any injury, loss or damage, direct or consequential, resulting by or from the use, misuse, or inability to use Aquamira products.

While testing was performed under standard laboratory conditions, actual performance may vary.

Product Data and Dimensions

DRY WEIGHT	0.06 lbs (27 g)
FLOW RATE	.05 - .12 gpm (200 - 450 ml/min)
SERVICE LIFE (FILTER)	30 gal (113.562 L)
OP. TEMPS	35 - 120°F (1.6 - 49°C)
OP. PRESSURE (FILTER)	3psi (20.6844kPa)

Recommended Use Conditions

Use best water source available, quality of the source water may vary. Do not use with water that is microbiologically unsafe or of unknown quality without adequate disinfection before or after the system. Pre-treatment with Aquamira Water Treatment Drops (67202) is recommended if source water is microbiologically unsafe or of unknown quality.

Assembled in US of US & Global Components

EPA Est. No 71766-UT-001

Certifications

Certified by IAPMO R&T to NSF/ANSI 372 for lead free content. Meets US EPA Microbiological Purifier test standard for the reduction of cysts.
